Yambasu Kids Education offers practice exercises, instructional videos, and a personalized learning
dashboard that empower learners to study at their own pace in and outside of the classroom. We tackle
math, science, computer programming, history, art history, economics, and more. Our math missions guide
learners from kindergarten to calculus using state-of-the-art, adaptive technology that identifies strengths
and learning gaps. We've also partnered with institutions like NASA, The Museum of Modern Art, The
California Academy of Sciences, and MIT to offer specialized content.</p>
